Points Competition Rules

Points will be awarded as follows: 1st -15 points, 2nd-14 points, 3rd-13 points and so on through 10th place. Competitors placing beyond 10th place will receive 5 points for competing. If your truck breaks on the day of the race, you will be awarded 5 points without breaking the beam.

The deadline to enter the points competition is the beginning of the mid season race (i.e., if there are 8 races for the season, you have till the beginning of the 4th race to sign up for the points race). Points are not “retroactive”. Points will begin to accumulate on the day you sign up. All points’ competitors must be CMBA members, and vehicle must pass technical inspection. Violation of technical inspection will forfeit all points’ accumulation and entry fee into the competition.

You must compete in at least half of the season’s races.

At the end of the year, you will be able to take the best of half the races of the season for points. However, if there is a tie, total points for the year will be used for the tie breaker.

All points entry fee will go into the class prizes. NO hold back or class rotation.

Prize money will be rewarded 100% to 1st place with trophies going to 1st, 2nd & 3rd place.

Each driver can only take home cash and/or a trophy in one class.

Entry fee for point’s competitors is \$20.00. This fee covers one driver and one vehicle for one class. No substitute driver or vehicle. You can register for more than one class.

The winners of the point’s competition will be the competitors with the highest points for ½ of the seasons races (i.e., if there are 8 races for the season, only count best of 4 unless there is a tie) in the class at the end of the race season.

Points Tabulation will be maintained by the CMBA officials. Official decisions are final.
